ADOLF EICHMANN

Possibly in connection with the above, this same informant reported on August 4, 1960, that a representative of the International Press Service had advised a Mr. Eryin (Schueler) Schueler, the Director of the Central Headquarters of Judicial Authority for Clarification of Nazi Crimes, had held a press conference at the German Embassy on that date. The press representative noted that Schueler was working on some projects in the United States and it was revealed that Schueler had found, while working in the War Records Center, the complete file relating to Eichmann's office. It was further noted by the informant that Schueler reported his Government was in close contact with the Israelis and the German Government was noted to have been very cooperative in the Eichmann case.
