# Programme Budget 2019

US\$ **749** million

UNRWA is funded almost entirely by voluntary contributions and financial support has been outpaced by the growth in needs, driven by conflict and broader instability. As a result, operations under the UNRWA Programme Budget, which supports the delivery of core essential services, faces chronic challenges due to funding shortfalls. UNRWA encourages all Member States to work collectively to exert all possible efforts to fully fund the Agency's Programme Budget. UNRWA emergency programmes and key projects, also facing large shortfalls, are funded through separate funding portals.
