

November 22, 2006

Dear sir,

This letter is to request information and to arrange visits to Israeli facilities and installations at the following four sites:

1. Tulkarem
2. Jalameh
3. Qalqilya
4. Tarqumia

We require copies of all plans, blueprints, and any other technical information regarding the above-mentioned sites. We also request that you allow, and make the necessary arrangements for, a team of experts from our side to visit the sites as part of its work on developing and designing potential future plans for Palestinian terminals and other installations.

This request is solely for information purposes and does not ...

I thank you in advance for your cooperation.

Yours sincerely,

Dr. Saeb Erekat
