

**Draft Agenda for next meeting on West Bank Crossings:  
*Tulkarem***

1. Status of Data requested from GoI (Engineering plans of the crossing, Maps, figures on movement of trucks, etc.)
2. Scope of committee mandate (i.e. each party has the mandate to discuss and decide on what aspects of the crossing) to enable:
  - a. Finalization of the Tulkarem Crossing arrangements
  - b. Development of already agreed crossings
  - c. Process for development of any new crossings
3. Delegation toing a sub committeess re: to deal with th
  - a. e issues of Petroleum and Natural Gas products and
  - b. the movement of labor
- 3.4. Goals of crossing:
  - a. Capacity (immediate/long term and people/goods)
  - b. Structure and Movement regime (incl. potential for door to door movement in future; ensuring that construction of crossing does not reinforce the Wall and its associated regime and respects the 1967 border)
- 4.5. Establishment of jJoint management regime (e.g. Liaison Office, etc.)
- 5.6. Suggested infrastructure improvements
- 6.7. Next steps
