This report is a redacted version of the original *Iraqi Perspectives Project—Primary Source Materials for Saddam and Terrorism: Emerging Insights from Captured Iraqi Documents, Volume 3* (dated January 2007).

This redacted version was prepared by the original authors following a classification review by the Defense Intelligence Agency (DIA) pursuant to a request by the Under Secretary of Defense for Intelligence and the Undersecretary of Defense for Policy.

All redactions from the original are in accordance with the 15 September 2007 DIA Memorandum, Subject: Classification Review of Iraqi Perspectives Project (IPP) Report Saddam and Terrorism. As stated in said memorandum, the DIA “made every effort to balance national security concerns, requirements of law, and the needs of an informed democracy and focused the redactions to the necessary minimum.” Moreover, all redactions have been made pursuant to Executive Orders 12958 (as amended) and 12333, and US Code provisions 5 USC 552, 5 USC 552a, and 10 USC 424.

The classification markings within are original to the Iraqi documents and do not reflect current US classification.

Preface

IDA Paper P-4151 was prepared under the Iraqi Perspectives subtask of the Joint Advanced Warfighting Program (JAWP) task order for the Director, Joint Center for Operational Analyses and Lessons Learned, United States Joint Forces Command (USJFCOM). It helps address the subtask objective of “cueing beneficial paths of exploration for other parts of the national security community” by using interviews, oral histories, and captured Iraqi documents and media to place in temporal context the conversations and materials of senior Iraqi leaders (political and military).

IDA Paper P-4151 comprises five volumes published as part of the Iraqi Perspectives Project Phase II series. Volume 1 examines the relationships between the regime of Saddam Hussein and terrorism in its local, regional, and global context. Volumes 2 through 4 contain the English translations and detailed summaries of the original Iraqi documents cited in Volume 1. Volume 5 contains additional background and supporting documents.

*****

JAWP was established at the Institute for Defense Analyses (IDA) to serve as a catalyst for stimulating innovation and breakthrough change. It is co-sponsored by the Under Secretary of Defense for Acquisition, Technology, and Logistics; the Under Secretary of Defense for Policy; the Vice Chairman of the Joint Chiefs of Staff; and the Commander, USJFCOM. JAWP includes military personnel on joint assignments from each Service and civilian specialists from IDA. JAWP is located in Alexandria, Virginia, and includes an office in Norfolk, Virginia, to facilitate coordination with USJFCOM.

This paper does not necessarily reflect the views of IDA or the sponsors of JAWP. Our intent is to stimulate ideas, discussion, and, ultimately, the discovery and innovation that must fuel successful transformation.

Notes

This collection of primary source materials supports the research contained in Volume 1. Volumes 2 through 4 contain the English translations and detailed summaries of the original Iraqi documents cited in the paper. Volume 5 contains additional background and supporting documents.

Volumes 2 through 5 have an example of a generic metadata reference sheet (next page). Certain elements of the reference sheet have been highlighted to help explain the structure and contents of a Harmony document folder or a Harmony media file.

The contributors to the Harmony database have left the original Iraqi security markings intact for research purposes, but for classification purposes, the Iraqi security markings should be ignored.

Subject: Booby-trap Vehicles

I would like to inform you of the following:

1. In accordance to the personal and top secret correspondence of M14/5 number 394 dated 12 August 2001, which includes the approval of the Intelligence Service Director, we accomplished the process of preparing a camouflaged 1 ton explosive bomb planted in a pick-up vehicle (booby-trap vehicle). It is worth mentioning that the bomb was prepared according to specific technical design, in order to direct the explosion to certain direction due to the requirements of the Intelligence Service. The afore-mentioned explosive bomb worked by the remote control.

2. Since 21 August 2001, the afore-mentioned bomb stored in Salah Al-Din location and ready to deliver with all the explosive attachments like electric and regular detonators as well as network made of Cortex fuse.

3. Until now, the beneficiary entity did not receive the afore-mentioned bomb. The bomb is composed of 100 kg plastic explosives (PE4A). Thus, due to its extreme dangerousness as it contains all the explosive attachments...
Page 33

...and the long storage period, which might cause it to become out of order, we suggest the following:

a. Officially address the M14 (as the previous beneficiary entity, M40/5, is now part of the organizational structure of M14) clarifying their serious need for this bomb and emphasizing the dangerous of its storage as it contains all the explosive attachments.

b. Obtain the approval of the Intelligence Service Director, in order to dismantle, frustrate, removing the dangerousness from the storage and the explosive materials from it as well as the explosive devices along with its attachments, in order to use it in later duties.

Best regards

Pages 6-8 include memos dated 8 January 2002 from the IIS to M16 concerning requesting opinion regarding the way in which the Iraqi Embassy in London can spoil some weapons. The weapons included 7 Kalashnikovs, 19 revolvers, ammunition and sound-mufflers. The opinion was to have the weapons cut mechanically by hand tools, and then processing the parts using Estelline flame so that, the parts would melt and their shapes would change, and as a result they could not be recognized.

Pages 9-16 are concerning a special advanced course in explosives that was scheduled to be conducted in the period from 28 November 1999 to 28 February 2000. Page 9 includes a model for a certificate for the mentioned course. The training program included topics like: used explosives, a historical view on explosives, physical and chemical general characteristics of explosives, types of explosives according to their explosive strength, factors that affect explosives, electrical detonators, normal detonators, caps, means of explosion, and preparation of explosives. The names of those participated in the mentioned course are listed below:
Diya' Farhan Lazim Sabir Al-Zubaydi
Salim Muhammad Laftah Tahibi Al-Ghartusi

Pages 17-20 are concerning comparison between the preparation of explosives and manufacturing sound-mufflers, in addition to other performances in 1997-1998.

Pages 21-30 include an annual report of the Mechanical Section (Sect. 27). The report includes tables of information under the title "The Special Duties for Preparing Explosive Devices". The Main points are: Kind of duty, Quantity, the beneficial, and date of carrying out. The duties include preparing different kinds of explosives like: explosives inside photographic cameras, explosives inside video tapes, booby-trapping gas cylinders, explosives inside an air conditioner motor, industrializing adhesive mines, industrializing

The plan included the following: Preparation of different kinds of explosives using invented ways for bombing them, industrializing electronic devices for car protection from theft, booby-trapping cars for intelligence duties.

Pages 31-36 include memos dated 20 April 2002 concerning booby-trapping a car with 100 kg of explosives. The booby-trapped car was requested by M5140. It was prepared and stored in Salah-al-Din Site since 21 August 2001. The memos requested the opinion of M40 if it still needed it or not for its danger. The kind of explosives used is PE4A (a doughy explosive).

Pages 37-39 include a memorandum concerning a request of the Director of the IIS to providing him with information about scientific and technical untraditional inventions, which had been carried out by Intelligence Directorates in 2000-2001. The inventions in 2000 included: Booby-trapping a modified gas cylinder, preparing explosive bags, booby-trapping 3 books with 1 kg of R.D.K. explosive, booby trapping a car with 55 kg of PE4A explosive, industrializing special explosives for destroying oil lines, designing developed gun sound-mufflers, and neutralizing an explosive planted in one of fuel tankers at Traybil Complex. Secret and personal memo to 51st Directorate (153 on 28 July 2001) about the Director of I.S acceptance to perform a specific IED as ordered in Work-Order (005/2001/16 on 29 July 2001) as follows:

Before accomplishing the due work, a discussion took place between the 51st Directorate’s Delegate Jasim ‘Atiyah Jasim and one of their sources, whom dues are to make a specific IED and researches having compatible objective after coordination with the source about having possibility to be executed and the execution distance, then to coordinate with benefited side’s delegate to create a vectored poured stand-off IED, wireless commanded (remote control) in a (100-200) meter radius depending on the execution angle.

2. They have designed a specific wooden mold according to the IED’s shape and dimensions to contain the IED a way that its pressure, when exploded, will be vectored (concavely) like a ray so it will largely destruct the objective.

3. The poured vectored IED, is made from a high explosive and well shape poured material, this material is RDX (TC: as written in English)

This file contains the following:
181-page file dated December 2001 by the Ba’ath party. It contains long lists of names and information related to Fida’yeen who registered to attend a training course in Fallujah. The 4th training course was scheduled from 1-27 December 2001. It is not clear whether the names listed were all Iraqi citizens, but the names given to the groups, platoons and companies are both of Iraqis and Palestinians origins. According to the available documents, the name of the training project, consisted of at least four classes and, is called “Nasrat Al-Iraq” literally meaning Iraq Supporters or back-ups; [TC: This was a Fida’yeen training course for Iraqi citizens, Saddam regime supporters and Arab nationals mainly Palestinians, in preparation for insurgency or Fida’yeen-like war]. The following is full translations of the requested documents. [TC: Most of the documents are hand-written and very hard to read].

Page 79 provides the dates for three training classes as follows:
2nd class 22 Apr-18 Oct
3rd class 27 Oct 22 Nov.
4th class 1 Dec 27 Dec.

they can in order to defeat the cruel enemy attack.

   a. We have been contacted by Dr. Abid Al-'Aziz Al-Rantisy senior member of
      movement during past few days to ensure his and Palestinian support against the
      barbaric American enemy. Dr. Al-Rantisy requested us to open the check points
      at the boarder to let the volunteers fighters to participate the war. He also
      indicated that they will carry the demonstrations, suicide attacks to support Iraq
   b. We have been informed by the Al-Rantisy that his family left the country while
      he and another group mostly student in Iraq will stay to worked with us based
      on to our requirement.
   c. We stressed enough to him that we are pleased to their stand in the situation as
      we always expected from the movement. We also inform him how helpful it
      will be if we heard any operations against American Israeli interest in the
      occupied land.
The possible attack time of Allied American - British attack on Baghdad is on 20030327 with the possibility of enemy troops coming from the south. The Americans clearly gave warning to Iraqis to never use any chemicals weapons against allied forces.

b. The advancing American forces toward Baghdad are away from the city about 80 KM. The advancing forces are coming from three directions to attack Baghdad. The three directions are north, south and west. Please note that there is presence of American Special Forces in the north of Iraq.

Code-name Abu-Jamil supplied us with a report about the pact that was made between Shaykh Ahmad Yasin and the Iranian leadership. The most significant information [in the report] was Iran’s support for the Hamas movement and appropriating 15 million dollars a month [for it], as well as supplying Hamas with commando teams to carry out operations abroad, and forming a new organization named Hizballah- Palestine to divert suspicion away from Hamas in case it carries out sensitive operations. Likewise, there was a pact to train elements in Hamas to carry out special operations and assassinations.

Subject: Information Report “on the assassination of Colonel Jihad Ismail al-'Ammarin’

On Thursday evening, corresponding to 7/4/2002, a group of local agents in Gaza city planted a highly explosive bomb in Colonel Jihad al-'Ammarin’s vehicle. He was affiliated with the Gaza Strip national security apparatus, and the de facto leader of the al-
Aqsa Martyrs Brigade, the military wing of Fatah Movement in the Gaza Strip. With the cognizance that the above-mentioned martyr's brother, the so-named Wa'il Jawad al-Nimrah, was with him in his white Mercedes vehicle when it blew up. The vehicle was totally destroyed and the two martyred together. Available details confirm that an occupation army Apache plane was hovering over the site of the incident as the vehicle passed al-Shifa' Hospital in the center of Gaza city. This confirms that said plane wirelessly blew up the vehicle by emitting electronic signals that detonated the bomb planted in the vehicle.

Date of information from Gaza, Palestine – 6/30/2001

To: Comrade Freedom Fighter / Talal Salim Abu Taghlub
To: Comrade Freedom Fighter / Official in Charge of Abu al-Haytham - Sa’id al-‘Ayyad
Greetings of Arabism and freedom-fighter struggle.

From / Comrade Wafa Tawfiq al-Sayigh

Most of the information is from Colonel Sa'id Hussein ‘Ayyad (Abu al-Haytham)

One: Additional information on our formations in Palestine and on the conditions surrounding the assassination of Lieutenant Colonel Mas’oud Hussein Mahmoud ‘Ayyad.

1- He was the first to design the mortar in the Occupied Territories, and experimented with it three times against the settlement of “Netzarim”. This occurred with the cognizance of Major General ‘Abd-al-Razzaq al-Majaydah, Faysal Abu Sharkh (Force-17 commander), and Colonel Muslih ‘Urayqat, nicknamed “Abu ‘Ali Hasan”. Muslih ‘Urayqat was able to extort some information about Mas’oud because the latter was in the Force-17. Immediately after, Mas’oud’s son Nasr was arrested at camp 17. He was accused of partnership with his father. Just 18 hours after his release, the Zionists kidnapped him. He is currently detained in “Israel” awaiting trial, with the cognizance that he remains unaltering and has not confessed to anything, in spite of an assistant’s confession against him.

2- Following Nasr’s kidnapping, his father Mas’oud was assassinated. A number of defensive security officers investigated the circumstances surrounding the assassination by eavesdropping on Force-17 officers’ phone calls. The following came to light: Colonel Muslih ‘Urayqat and a number of his attendants had advance knowledge of the plan to assassinate Mas’oud.

3- The defensive security apparatus submitted reports of the incident to president Arafat, who

→ 2

Document Page 10:

forwarded them to the military intelligence chief, Brigadier General Musa Arafat. However, Musa Arafat gave the reports little attention and did not hold the two agents, Muslih ‘Urayqat and As‘ad Sa’id Abu Jalil, accountable.

4- Prior to his assassination, Mas’oud ‘Ayyad delivered weapons to Abu ‘Ammar. These weapons arrived in Gaza by sea from Libya with Force-17’s cooperation. On arrival in Gaza, the weapons were discovered by the naval forces. An argument ensued, each wanting to take them over. This situation exposed the matter. In view of the fact that the secret agreement between Abu ‘Ammar and the
U.S. stipulates the obligation to hand over all weapons to the U.S. on request, Abu 'Ammar was committed to hand them over, along with the explosives and weapons collected by Fouad al-Shobaki from the people at a very high cost.

5- Riyadh 'Ayyad: The individual currently responsible for mortar-round shelling in the area between al-Mintar Mountain and the settlement of "Netzarim". He received his training at the hands of martyr Mas'oud, and is currently under the leadership of Sa'id 'Ayyad (Abu al-Haytham).

6- Mahmoud Abu 'Ilbah: The bus driver who ran over a large group of Zionists, 21 of whom perished. He belongs to our formations in Palestine under the leadership of martyr Mas'oud 'Ayyad. The two acted on the basis that Abu 'Ilbah would transport a number of Zionist troops, kidnap them, deliver them to martyr Mas'oud, then hide them. When Mas'oud's sudden martyrdom came about, Abu 'Ilbah undertook the daring operation. He is still alive somewhere in the enemy's prisons, and has not confessed anything. This operation was his idea. However, the Zionists did not believe this. They try in every way possible to extract confessions from Abu al-Haytham, who is currently being pursued by the Zionists.
Four: Martin Indyk (U.S. ambassador, Tel Aviv): An Australian Jew who was ambassador to Tel Aviv from 1992 until the end of 1996. He was transferred elsewhere and returned in 2000 as ambassador to Tel Aviv. When he was appointed, there was pandemonium at the C.I.A., who accused him of working with the Israeli Mossad. He was welcomed in Gaza city by certain prominent individuals, most notably Industrialists and many other Gaza Strip personalities. He continues to visit them often, at all hours and without reservation. Abu al-Haytham Sa’id ‘Ayyad has a suggestion of how to eliminate him, one that I will explain to you during the meeting.

Five: Companies having Zionist partners and a presence in the Gaza Strip:

6.  

Six: Dr. ‘Abd-al-Rahim Husayn [IL] (Abu Khalid) (and the tale of the Kuwaiti captives). He has a Ph.D. degree in History and works in Kuwait. He was raised in the Nusairat Camp in Gaza, and has been fostered since childhood by Mustapha Abu Madin, Minister of Justice Fraih Abu Madin’s father. He has a married sister in Gaza city. Her husband is a friend of Mister Sa’id ‘Ayyad Abu al-Haytham.

Abu al-Haytham told me to convey the following to you so you can voice your opinion, as he cannot divulge the details over the phone. Moreover, he cannot travel for fear of being arrested by the Zionist authorities at the crossing points.

Abu al-Haytham met Doctor 'Abd-al-Rahim Husayn at his sister’s home in Gaza. During the conversation, Doctor 'Abd-al-Rahim got close to Abu al-Haytham and invited him to visit him at Nusairat Camp. As a matter of fact, Abu al-Haytham showed up at the specified time at Nusairat. The session included Fraih Abu Madin. During the conversation, Fraih and 'Abd-al-Rahim praised Abu al-Haytham and tried to establish good relations with him. Later, 'Abd-al-Rahim brought up the tale of the alleged Kuwaiti captives and his longing to hear any secrets concerning them. Fraih shared this enthusiasm. More to the point, Doctor 'Abd-al-Rahim asked Abu al-Haytham to investigate the matter and promised the following incentives: Arrangements would be made for a private Kuwaiti jet to take him to any country he desires and in the company of a Kuwaiti prince. If he pulls it off, he would receive millions of dinars, in addition to anything he desires. They spoke to Abu al-Haytham about these financial inducements. Also taking part was Fraih, who stupidly and shamelessly bad-mouthed Iraq and the Iraqis. In the end, Abu al-Haytham told them that he would try. He then phoned you but could not offer any details. We are seeking your opinion on the matter, so that we may convey it to Abu al-Haytham.

It is worth mentioning that Doctor 'Abd-al-Rahim has been living in Kuwait long before the 1967 aggression, and he does not possess a Palestinian ID, as he arrived in Gaza on a visit visa. Within a week, Muhammad Dahlan arranged a reunion status for him and handed him a Palestinian passport.

Seven: Doctor ‘Abd-al-'Aziz al-Rantisi: A prominent Hamas leader and a dependable individual. My relationship with him has been strong since his youth and before he joined Hamas. His older brother, Hasan 'Ali al-Rantisi, who is in Baghdad, was a founder of the Ba'th Party in Khanyounis in the late 50’s. Moreover, his son Muhammad studies at the College of Medicine in Baghdad.

He came to my house to say goodbye on the eve of my departure from Gaza on 6/1/2001. He brought along 300 dollars and pajamas for his son Muhammad. Following our talk about the Intifadah, the Palestinian cause and the stance of the Iraqi leadership and people thereof, his remarks firmly upheld and acknowledged Iraq’s leadership and the freedom-fighter leader Saddam Hussein, may God protect and guard him. He also denounced the sanctions, and said that he had expressed his opinion in articles he wrote for a local newspaper and on the Internet. He subscribes to the idea for the need to continue the Intifadah, and especially the military solution and martyrdom operations. He and I had the following conversation aside, after he had left the house, the guards preceding him to his car, and we lagged behind a little:
I said: “The Iraqi leadership trusts you fully, more than anyone else in your organization. Ask what you wish and I will inform them of it. They are willing to meet your demands.” He said, “Martyrdom operations will prostrate the Zionists and liberate Palestine, in addition to the operations currently in place. A great deal of financial support is necessary in order to reach the desired objective.”

I said, “The leadership in Iraq will not be parsimonious about providing any amount for the liberation of Palestine, from the sea to the river, and from Rafah till Ras Naqourah.”

He said, “We thank you, and appreciate the Iraqi leadership’s stance, led by comrade leader freedom-fighter Saddam Hussein, may God protect and guard him, for all that it does for the cause of Palestine, the Arab nation, and the whole world in opposition to the Anglo-American Zionist occupation. We greatly value this stance. I will explain this stance to brother Sheik Ahmad Yassin.

I said, “We trust you more than the others. As for the Sheik, his latest public statement has shaken our confidence in him. You are free to act but, in the end, you are the one responsible.” We said our goodbyes and went our separate ways.

Note: Following this meeting, Sheik Ahmad Yassin issued successive public statements to journalists in praise of the efficacy of ‘Abd-al-‘Aziz al-Rantisi’s public statements.

In view of our organizing secret cells of former Ba‘thists, and supporters and backers of the Ba‘th Party, and those who trust the leadership of comrade leader freedom-fighter Saddam Hussein, may God protect and guard him, I request that his note be submitted to the highest leadership authorities, for the purpose liberation and return. I kindly ask that I be able to meet with them.

God is great, and may the contemptible be defeated

Long live Palestine, free, Arab, from the sea to the river, and from Rafah to Ras Naqourah. May the filthy Zionists return from whence they came or else to Hell.

INTRODUCTION

After the attack on Iraq in 1991, a group of people went to the Southern part and then to Saudi Arabia claiming some of the Iraqis were going to attack them.

PURPOSE:

A study on the Saudis that organized this camp for the two parties in Rafha.

GENERAL INFORMATION

The camp was established at the end of May 1991 and was called (Rafha Refugee Camp). This camp is situated in a barren mountain bordered from the East (Iraqi borders) the military base as caravans; from the west (inside Saudi Arabia) there are hills. There are on the top of the hills military guarding the camp. Rafha’s camp is about 15 kilometers from Iraq, Al-Hujimeh and about 20 kilometers away from Saudi city Rafha with a 5 kilometers away from the Rafha city. There are wires surrounding the camp with a gate.

Number of people living in the camp

When the camp was established there were about 23,000 inhabitants from Al-Muthanna. However, now it is about 15,000 inhabitants as many of them returned to Iraq. The camp is divided as follows”:

Main Base, most inhabitants came from Al-Qadissiya and Zou Al-Fiqar and Najaf., Iraq. From the south people came from Basra and other districts such as Safwan. 1) Officer’s Camp 2) Sunni’s Camp about 1 kilometers toward the Saudi camp.
MILITARY BASE ADMINISTRATION

Food and other necessities, such as, vegetables, fruits, meat etc. etc. are being supplied by Saudis.

WATER

TOP SECRET

RAFHA TERRORIST CAMP

INTRODUCTION:

1. After the (30 countries) attack on Iraq, and as the second aftermath phase of the attack, some individuals showed treason and betrayal claiming that ethnic cleansing is
taking place in the South. Due to ignorance, many were persuaded to flee towards Saudi Arabia. Those individuals claimed that Iraqi forces are going to kill them.

PURPOSE:

2. A research study done on the above camp showed that Saudis used the camp especially for terrorist actions using those individuals who ran away to Rafha camp.

GENERAL INFORMATION:

3. At the end of May 1991, the camp was established for traitors and betrayals element groups. It was called (Rafha Refugee Camp). The camp is situated in a barren low area, East (towards the Iraqi border’s) military base headquarter. It is (caravans) shape; on the west border (inside Saudi Arabia’s depth). There are chains of hills far away from camp, about (2) kilometers. On top of hills are military guards guarding the road to Rafha.

(P. 4 of 57)

4. The camp is situated about 15 kilometers away from the Iraqi border “Al-Jumimeh” and is about (20) kilometers away from Saudi city, Rafha. The camp is connected with a dirt road for about (5) kilometers. It is also connected with an asphalt road leading to Rafha town.

5. The camp, square shape, is (4) kilometers surrounded by a barbed wire fence, height of one meter and half (1 ½) and has two gates; southern gate specified for entrance and exit of trucks/cars for administrative purposes. Northern gate is specified for Saudi military trucks and is only used for those who want to return back home.

Number and distribution process of residence living in military camp

6. The beginning, when camp was established, an estimation of about 23,000 residents were living there mostly from Al-Muthanna County. However, numbers decreased and nowadays it is estimated to be about 15,000 residents. Many refugees returned to Iraq. Officers and Sunnis were separated and camp was divided, as follows:

a) Main Base. Groups were distributed from Southern towards Northern gate with main road in the middle. It starts from Southern gate and on the right was a road. Residents were from Al-Qadissiah, followed by groups from Zou Al-Fiqar and Najaf County. Road started on left all the way to Southern gate. Groups came from Basra, followed by a mix of residents from different counties and districts, such as, Safwan and Al-Muthanna.
b) **Officer’s Camp:** Is considered to be a continuation of the main camp.

c) **Sunni’s Camp:** Is far from main camp, about (1) kilometers towards Iraqi borders and near Saudi Headquarter camp.

**MILITARY BASE ADMINISTRATION:**

7. Camp is supplied by food and water by contractors, they are as follows:

   a) **Livelihood:** Daily a Saudi contractor supplies the camp through cooler trucks on it written “Astra/Tabook Company” carrying (vegetables, fruits and meat). They transport dried food also, such as, (rice, Sugar etc.) and the dried food are rationed for each group living in camp.

   b) **Water:** Water is being distributed by a Saudi contractor, (Ahmad Abdallah Al-Shureikh). There is about (6) American manufactured water plastic storages situated on the edge of the camp. Each storage of plastic is connected with special plumbing for distribution of water inside the camp. In addition to the storage, there are trucks that go to specific areas inside the camp. There is a truck that distributes mineral water once a week, distributed by (Al-Qasim) Company, (2) liters per person. This cold water truck enters daily the camp carrying bottled cold water in bags. Writing say: (a gift from King Fahed). The water is distributed to people in the camp.

**MEDICAL SERVICES**

**TOP SECRET**

c) **Medical Services:** There is a clinic inside the camp (near Zi Al-Fiqar County). It is a cluster of medical caravans (seven) squares (incomplete) in shape. Iraqi doctors are in charge of this clinic as well as other medical cadre residents. There is a hospital also which is operated by Saudi and Egyptian cadres. This hospital is located outside the camp toward the Headquarter building. It is composed of several caravans plus some huge trucks. Each clinic is independent by itself. These clinics offer services to Saudi guards and also to camp residents.

d) **LIGHTING:** There are huge electrical generators for electricity with big bulb light poles on the edge of the camp. Some cables are connected to distribute electricity to the camp. Electricity, sometimes, is cut off because of continuous and intentional
sabotage by residents who try to run away from the camp especially after amnesty was granted for those fleeing outside Iraq.

e) **FIRE HYDREN**: It is an American manufactured truck (Chevrolet) operated by Saudi cadres. It is not very effective as some fire broke up in the camp and they were unable to put it off.

f) **FUEL & OIL**: In the beginning, every (6-7) individual will get limited (11) liters of cooking oil. A month later, gas stoves were distributed to each group including one bottle of gas.

(g) **INTERNATIONAL ORGANIZATION INSIDE CAMP**

8) There is one relief organization only. It is the Islamic International Relief Organization and is considered to be one of the most important organizations in the camp. Its Headquarter is on the Southern camp gate. It is caravans distributed right and left of the gate. This relief organization offers the following services:

a) **Postage**: The cadres are Saudis and Iraqis and they take care of mail only. Usually, mail is sent from camp residents (Al-Artawi POW) to relatives living in Europe or other Asian countries. There is no fax or wire services available for residents.

b) **Computer Center**: A group of Arab and Asian nationals are present in the center. Their job is to take information and photos on computer so they can establish future residents’ files.

c) **Clothes Distribution**: Their cadres are Saudis only. Their job is to distribute clothes for all ages, both sexes, but is assisted by relief services.

**Political and influential personalities inside the camp**

9) There are no political activities inside the camp. The most influential people inside the camp are called: (Hussein Ali Al-Shi’alan) and his brothers. Hussein lives, at present, outside, in Riyadh. His place was burnt by some residents because he tried to establish some kind of a vague organization. Also, another well known figure in the camp is: Sheikh Mohammad Rada Al-Saadi, from Najaf (no actions known about him) and also (Qassem Rysan from Al-Nassiry and (Marzouq Oubeid). Al-Saadi distributes food and other necessities to residents the in camp.
Camp protection is composed of following units:

- Military Intelligence
- Security (Ministry of Interior)
- M.P.
- Military (Ministry of Interior)
- Saudi Military forces.
- Sometimes, it is very obvious that frictions occur between forces inside the camp. Sergeant (Rashid), of Saudi Military Intelligence is very influential inside the camp. He is responsible for organizing, representing and assisting residents.

12) Following are weapons used to protect the camp:

(9 of 57)

    TOP SECRET

a) **Tanks**: Tanks are spread outside the camp fence. There are also some units, (10) tanks north of the camp near caravans specified for Saudi security.

b) Light and heavy weapons are carried on open trucks for camp protection.

c) Light American manufactured weapons.

d) M.P use electrical rods to fight riots inside the camp.

13) **Below are main guard points for M.P.**

- Clinic inside camp
- Two points, Southern and Northern gate guard
- Guard on each point with two tanks for each gate
- Car guards outside interact with residents

13) Military treatment to residents is not very good. They hit and insult residents because they do not obey Headquarter orders and refuse to cooperate with Saudi authorities.

(10 of 57)

**INTERNATIONAL VISITATION TO CAMP**

1. Many V.I.P. people and unofficial American delegations in charge of refugees visited the camp. Below are the most influential people who visited the camp:-

   a) The so called (Fadil Khalil). U.N. representative (don’t know his nationality).

   b) Delegation for Compromise, headed by the so called (Salah Omar Al-Ali). During their visit riots broke-up in the camp and residents burnt (Kazem’s Al-Rayan and Hussein Al-Shaalan) places.
c) A religious group composed of (Abdul Aziz Al-Hakim Al-Hashimi) and other religious groups visited the camp too.

**SUMMARY**

16) We conclude from the research study mentioned above and from those who returned from the camp that there is great interest in camp residents to return to Iraq after President Saddam welcomed them (God protects him) and granted amnesty for those who fled Iraq. We also conclude that no political or religious organizations or such ideas are present in the camp or even are welcome by camp residents.

RE: Information Verification

1. In reason to verify accuracy of information received by our agent (recruited recently), Hassan Nashi Badii or Juday (illegible) about possibility of checking (Kuwaiti) military at Hafr Al-Baten on: Days 5, 6 and 7 November. One of the agents named (Hola Mou’ji Al-Dhalemi) was sent to Al-Hafr area the night of 26th, 27th of November, Maiibi Al-Zalimi) to use his vehicle under commando (Fedayee) Police Commissioner, (Abdul Sattar Jasim Ali) supervision. This person returned on Friday morning, November 30. We met him and the Commissioner the same day (evening). He informed us the following:-

a) On the night of 26 and 27 he infiltrated across border and reached Hafr Al-Bten around midnight.

b) The Saudi military petrol on the borders centered between border check points and highway parallel to our international borders.

a. You can bypass check points and highway petrol easily because of plain topography, and inability of Saudis to control traffic outside paved roads.

b. Jabber and none of his group visited Al-Hafr during days mentioned above.
2) We are planning to establish the person mentioned above as one of our source to communicate with volunteer (Abed Al-Satar Jassem Ali) and other members whom we decide to put in (Hafr Al-Baten).

3) The volunteer (Abed Al-Satar) provided us with attached submitted receipt for 400 ID (FOUR HUNDRED DINARS) to purchase some parts for agent’s personal vehicle that was used for entering Saudi Arabia. Not to mention, we knew that the vehicle needed parts during our stay in (Al-Samawa) and the night of 25 and 26. Please follow-up on situation with our agent (Hassan Nashi) to arrange for entrance of other agents assigned and verify information.

(P. 40 of 57)

4) In regard to what has been mentioned above, we suggest the following:-

a) Approval to use agent (Hola Mou’iji Jabbar Al-Dhalemi) as an agent with our supporters who are going to stay in (Hafr Al-Baten), to prepare and enable them to enter Saudi Arabia along with other agents.

b) Pay amount of 400 ID (FOUR HUNDRED) to repair his vehicle.

c) Pay amount of 250 ID (TWO HUNDRED FIFTY) to agent (Hola) as a reward for him to enter Saudi Arabia.

General Manager Military Intelligence
Second Support

Sir:

RE: Sending Assistants

Reference your letter of deploying supporters who already completed their training to some of the areas of interest, the committee discussed on November 28th 1990, their names and requirements for deployment. Below are details:-

Al-Ihsa’ area:

1. They will deploy all from Conscript soldier Hakem Ghayedh Thajeb and Conscript soldier Rayssan Rayed Haty participating in unit (999), because the brother of the first name and his cousin are located in the area. Previously, second person repetitively visited the area bearing in mind that both were smugglers before.

2. The assigned goal for both agents is to sabotage famous oil establishment American company in Saudi (ARAMCO) where the cousin of the first agent works.

3. They both can be contacted via:
   
   a) The phone of one of our outside agencies using a special (code).
   b) The repetitive visit of the brother of the first agent to the area as he works there and able to get a Saudi active residency permit.
   c) Both agents will be provided with sufficient amount of explosives enough to cause required sabotage. This will be coordinated with Department 3 and division 8.
   d) Both agents need a good vehicle to use for deployment when they settle in the target place.
   e) It is important to pay 5000 SR (FIVE THOUSAND) Riyals to each of them plus continue paying their monthly salaries to their families as usual.
   f) It is possible we can provide them with required papers and coordinate that with division 8.
Hafr Al-Baten:

1. The volunteer Fedayee, police commissioner (Abed Al-Satar Jassem Ali Attia) was prepared to get deployed to area mentioned above and to settle there.
2. The goal of settling the agent mentioned above is to provide (a secure base) to Unit (999) members planned to be deployed to that area for the reason mentioned below:
   
a) Eliminate any of Al- Sabbah when found in the area as soon as you receive accurate information from above agent.

(45 OF 57 Cont’d)

b) Execute sabotage operations in Kuwaiti Military Command or other countries’ command located in Hafr Al-Baten and near Khaled Military base.

3. The agent would be contacted through using one of our agency’s telephones and through some other sources constantly visiting the area.

4. The agent needs a suitable vehicle to facilitate sending him there to accomplish our mission and later use it for (transportation, booby trap).

5. It is important to provide him with a personal suitable weapon. (pistol)

6. The source needs an amount of 5000 SR (FIVE THOUSAND RIYALS) to facilitate his stay for some time. His salary should be paid monthly to his family.

Al-Riyadh Area

1. Members who are prepared to settle in the area mentioned above are:

2. Special Forces, Lieutenant Waleed Sabri Atyia Abed Al-Aziz Al-Saadoun working at unit (999); for the following reasons:

   a) His relatives are in Saudi Arabia.
   b) His sister married to one of the Saudis from an Iraqi descent, and is settled with her husband in Riyadh, bearing in mind that her husband’s brother is one of our sources personal friend; he visited the country several times and volunteered in the Popular Army during the war against Iran.

3. The reason for our agent settling in Riyadh is:-
a) For him to get a secure base for our other members that will be deployed later.
b) Collect information on Al Sabbah activities and Saudi and American targets in the area (Central commands), officers/soldiers/foreigners housings, essential weapon areas, military installations…etc.
c) Eliminate any of Al Sabbah clan when opportunity arises and to coordinate with us.

4. Secure communication with him via phones or through our sources that can reach Riyadh.

5. His best cover-up is having his sister and relatives there; he can keep alleging that he escaped military because authorities were vexing him about the marriage of his sister in Saudi Arabia. We will try to arrange this cover-up and choose a name and location of the unit he belonged to before (his desertion).

6. It is necessary to pay 5000 SR (FIVE THOUSAND RIYALS) to cover his expenses in Saudi Arabia.

(46 of 57)

7) It is possible to arrange for the process of (his escape) through one of our sources.

United Arab Emirates:

1) We will send the Fedayee (Sahib Mahdi Saleh Malbous) to the area above mentioned reasons:-

   a) Worked with his brother there for a period of three years (restaurant owner).
   b) Some of his relatives are present there (Abu Dubi) married to agent’s cousin.

(47 of 57 Cont.d)

   c) He has other friends and acquaintances. He gave us their names and numbers and mentioned that some of them were supporting him during our war with Iran. Among some of them are sons of some (Sheikhs).

His reason for settling over there:-

   a) To establish a safe base for members that will be deployed later.
   b) Gathering information on vital targets for the Emeritus and enemy nations there.
8) It is possible to connect with him via a phone or through another supporter assigned by the South command to go there.
9) He was not supplied with ammunition for sabotage at this stage until he settles.
10) It is important that he travels to Jordan to contact his relatives and friends in the Emirates and ask them to get an affidavit from their Embassy in Amman to ensure his entrance to the Emirates, bearing in mind that the documents in his hand prove that he work there and will help him to enter to targeted area.
11) It is necessary that (3000) dollars (THREE THOUSAND DOLLARS) be given to him to cover expenses of his travel and for him to settle there. On our part, we will do what necessary to pay suggested monthly salary family.

COMMITTEE SUGGESTIONS AND OBSERVATIONS:

1) All those deployed to above mentioned areas are not from our Command or unit.

2) It is possible to send other groups to same targets or to other important targets. This will be done depending on secrecy of mission.

3) It is possible to send individuals voted upon above within this week or coming week as soon as we receive approval.

5) The committee will perform final (exams) on any member to be sent for final approval and inspect any week points that might arise last minute.

6) The committee suggests the following:-

a) Inform authorities with what mentioned above.
b) Approval, Sir, of final and execution of plan.

For your consideration... what you see fit...with respect

Document Remarks

This file contains information about a Kurdish citizen named Khaled Abdullah Isma'il who is an IIS agent in the Northern area of Iraq (Kurdish area). The IIS assigned him to do a secret operation. The operation was to kill two Swedish Journalists by blowing-up their car with two dynamite sticks. Before Khaled did the assignment, he told his brother Khasro who was an officer in the Kurdish Security Forces in the North. Khasro in turn informed the Kurds. Therefore Khaled still needs to blow-up the car, but without hurting the two journalists. So he planted only one stick of dynamite instead of two. So when the car blew up it would only wound the journalists and not kill them. And the car was blown up on 1994/3/13. The IIS heard about the car explosion and that no body died, so they investigated. Khaled was brought in and questioned him finally he confessed and told them everything happened. For revealing information about a secret operation to his brother and to the Kurds, Khaled Abdullah was convicted in a military court and was sentenced to be put away in prison for life at Abu-Ghraib Jail. Note: There is application for his personnel information in the folder including his picture. -Khasro the brother of Khaled had a friendly relationship with the journalists. He knew them since he had been in Sweden. No further information.

The religious movements in Kuwait have considerable effect on the Kuwaiti society especially in light of these movements' animosity toward the policy of Al Sabbah [ph] family and their utter support of American politics.

It is desire to create a situation of confrontation with these organizations represented by (The National Islamic Unity representing the Shiites of Kuwait, The Islamic Constitutional Movement representing the Islamic Brotherhood Movement, The Populous Islamic Community representing the Salafis, and the Islamic Jihad Organization of Kuwait) which through the rebels on your side would aim to penetrate these movements and revive our intelligence work in this field on the Kuwaiti arena.

Comrades' best regards,

As I believe in the Palestine case and Al-Quds liberation from Jewish occupation, I would like to volunteer as a martyr. As I already participated in martyr's mission in 1973, with (Al-Ahwaz Liberation Organization) until I discharged when Iraq and Iran signed a peace agreement.

I have a good experience in fighting as I graduated from the blitz course on 11 May 1968; I also was a Fedayeen trainer in Jordan.

According to the letter of Arab Liberation Front number 14040, 14048, 11449, I participated in Al-Taji Camp a trainer for the Iranian opposition and Mohammad Al-Sakran Camp that belongs to the National Command (political asylums for the Blush and Arab Tribes)

Below are my participations in Al-Qadisiyyah:
1- Al-Hamzah Sector in Al Mu'ammarah
2- Al-Hamzah Sector in Kilan
3- Al-Basrah 9th eastern Sector
4- Special Operations, 18th Brigade as Platoon Commander
5- Special missions with the 2nd Regiment, after these missions, the President promoted me to lieutenant.
6- I worked with the Republican Palace Protection Force from the beginning of the Revolution until 1970.
8- I worked as a Guards Commander for the president and the Deputy in the Republican Palace.
9- I participated in Al-Sulaymaniyyah within the Sa'd Sector, which was documented and verified by dates.

All the documents in my possession are certified, then I volunteered in the Great Day, officer no. 4269627 dated 6 May 1999, please allow my Comrades to inform my department of my wishes to volunteer and register me at any mission possible, as am ready always for that. As I have, a good experience in street fighting tactics, and always ready to conduct any task available even if it is in Palestine.

This file contains the following:
476-page file dated 2001 by Fida‘yeen Saddam’s command. It mainly contains correspondences related to the Kurds’ activities in the northern region of Kurdistan (self-governed zone). This file does not contain specific “information of interest”, for training terrorists and foreign fighters, but provides some evidences of assassinations and car bombings under the directions and planning of Fida‘yeen Saddam, to include the killing of US citizens in the northern region.

Page 63 contains a report, dated 17 Sep 2001, of the Fida‘yeen receiving information from a French reporter about some Iraqi religious figures denouncing the attack on the United States on September 11. Uday Saddam Hussein writes on the report requesting to investigate further and collect more information from the French reporter about the accuracy of the reported information. NFI.

One document, page 73, gives information about a bomb against the Iraqi army; handwritten recommendation on the document by Uday Saddam Hussein instructing the Fida‘yeen to be cautious for this type of attacks against them by not using a same road more than twice, if absolutely necessary then 3 times.

Information received through the sources inside the Kurds region indicates that the Kurds are offering money for the assassinations of members of the Ba‘ath party as a pay-chart of: USD 200 for any Ba‘ath party member and USD 500 for a squad command member. NFI.

LC: the insurgents currently use this tactic in Iraq; The Fida‘yeen could be using the same tactics that were successfully used against them prior to the US invasion of Iraq, as most of the tactics mentioned in this file provided identical tactics of the currently used in Iraq, as follow:

Page 76 contains information provided by a source about the Kurds video taping an attack or an ambush against the Iraqis and airing it on their television stations to gain support.

Pages 168-170 provides information by the ministry of interior to all agencies about the bomb making tactics being used by the Iranians and their followers, anti-regime, in Iraq. Dated September 2001, the documents gives details of the tactics being used to make IED’s using TNT and RDX inside tank rounds or missiles in order to blow it up stationary without the launching of the missile. Page 170 includes pictures of the bombs being used with the wiring and timers attached.

Pages 251-252, dated July 2001, contain information about the use of magnet-attached bombs (IED) by the pro Iranians in Iraq. Pictures show the tactic used and the methods of making the bomb available on page 252.

Page 260, dated May 2001, contains information provided by a source in the northern region. The information was over heard by the source of two Kurds conversation regarding buying over 5,000 meters of “armoured” armored cables manufactured in Jordan and coming from Jordan. This document does not provide enough information about the cables and their usage. NFI.
Page 266, dated 5 Jul 2001, contains a memo to Uday Saddam Hussein from unknown (2nd page of the memo is not available, most likely the author of the letter is the Fida’yeen general secretariat) this letter contains a report to Uday about accomplishing mission number 37 in the northern region. The mission was the bombing of the American organization. The mission was accomplished on 5 Jun 2001 at 2230 hours using an IED. LTC Iskandar Fariq Rashid; the citizen Nuzad Hamid; the citizen Sinkir Hussayn Hasan; and the citizen Fuad Majid carried on the mission.

Page 299, dated 5 Apr 2005, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter gives a report about accomplishing a mission of bombing the Turkmen’s guesthouse in Irbil by the Fida’yeen on 9 Mar 2001 at 0500 hours. Turkish intelligence officers usually visit the guesthouse. The bomb was used to blow up the house, which led to destroying a significant big part of the building. Uday writes a note to add the mission to the list to be presented to Saddam Hussein on his birthday as a gift.

Page 300, dated 5 Apr 2001, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter contains a report about accomplishing a bombing mission in the northern region by the Fida’yeen sources on 9 Mar 2001 at 0900 hours against organization for the American help and support to the Kurds. The bomb resulted in the killing of 7 and injuring 8 working for the organization; no nationality mentioned.

Page 301, dated 5 Apr 2001, contains a letter from Uday Saddam Hussein to the presidential secretariat. This letter contains a report about accomplishing a bombing mission in the northern region by the Fida’yeen sources on 18 Feb 2001 at 1915 hours using a bomb (IED). The target was a new Land cruiser marked “UN” (United Nations). 4 American citizens including 1 woman occupied the car. The attack was carried on by one of our agents and three citizens and it resulted in the death of the organization’s supervisor and the sever injury of three others to include the woman.

The above three reports of attacks contain a request to inform the president Saddam Hussein of the accomplishments.

The rest of the file contains routine reports and information provided by the sources of the Kurds activities and the situation in Kurdistan area.

The mission was assigned to him by an order from the General Command of Fedayeen Saddam. 4. (Dr. Mahmud 'Uthman) is on a visit now to the Autonomous Ruling Region. He is a Kurdish politician, lives in (London) and doesn’t belong to a great tribe, still he is a famous person and has a political respect in the region. He held number of meetings, in which he mentioned the satisfaction of the British Government to the similar attitudes of the two main parties from the issues of the reconciliation with the central government. He also mentioned the reply on the invitation of Mr. President the leader Saddam Hussein (Protected and Cared by God) about the dialogue, and putting the conditions was very suitable in this period of time. After that he visited Al-Anfal Center which was opened in Irbil, and said that he collects the documents that condemn the central government in the case of human rights. Though he was undesirable person from the opinion of the two parties, he changed quickly, and it is thought that this was according to instructions form the British Government.

5. The staff of the security Kurdish Democratic Party distributed (30) thirty handbags on the security directors in Irbil and Duhuk, to keep the important information that they have. The specialty of these bags is that they are supplied with automatic digital system and a specific code to be opened; and in case of touching the code number by another person, it gives a beam and spectrum that lead to the temporal blindness immediately. It is considered that the mentioned bags were imported from Britain.

6. The Iraqi Communist Party has issued a statement, condemning and convicting the attitude of the both parties; the Union and the Democratic. He also objected on the usage of the term (sovereignty of the Iraqi President) in their common statement about responding the dialogue invitation. The Iraqi Communist Party also accused the two parties of having the intention of making dialogue with the government.

accompanied with the letter of the Public Information Bureau / Fedayeen Saddam

following:

1. The activity of Fedayeen Saddam about the growth of Al-Wahabiyyah
   Movement specially in Al-Ta'mim Governorate, is activated by us and we
   have our sources that supply us with some cases related to this activity and
   enable us to get samples of the books, booklets and the recording cassettes
   circulated among some extremist religious members. There is also
   coordination between the security directorates of the governorates and the
   branches of the leader party to record and follow up the movements of these
   members.

2. We directed in different periods chosen strikes to the most prominent
   extremist members that practice the rituals of Al-Wahabiyyah Movement.
   When we made detailed investigation by a special commission which was
   prepared for this purpose, we found that these members don’t have the
   complete religious knowledge or the culture that could circulate this trend.
   Accordingly, their ignorance of the religious matters made them doing
   practices away from the Holy Book (Qur'an) and the Sunnah.

File of: Commando 'Alaa Nuri
1. I went to Sulaymaniyyah with the intention of going to Syria and meet the treacherous opposition. I met with one of the opposition group members the alleged Azar and suggested to me to attempt to attract some officers who would like to travel and join the opposition.

2. I came to Baghdad and met with a woman named Shuruk and her friend Um 'Umar the wife of Staff Brigadier Salman and she suggested to me the idea of going to Syria with her husband, and after the passing of few days, her husband called me up and requested to meet with me at the bank district in front of the college, I informed my Directorate of my role between myself and Staff Brigadier Salman and he explained to me [illegible], and he claimed that he does not have any personal or security problem and requested from me to assist him to travel to Syria together with his family and upon his arrival to Syria, he will give me some money.

3. I have documented all of that, and presented it to my Directorate (Tape recorder of his conversation with me), I documented my movement with him with the knowledge of my directorate and with the directive of my supervisor Staff Brigadier Salah.

4. Staff Brigadier Salman informed me that his identification is not sufficient for fear that the opposition will not receive him, therefore, I suggested to him to go to one of his friends in his area to bring some disks as a proof to opposition groups that he wishes to assist them and benefit their cause by giving them some information.

5. following that, I have informed my Directorate with what took place and that the wife of Staff Brigadier Salman wants to join the ranks of traitors (The Opposition in Syria) and I received information that the alleged Ghalib Shai’ the husband of Shuruk is one of Air Force Officers (Staff Colonel) who has been sentenced to death and he is present in Jordan under a fake passport.

6. Following the passing of a few days, I asked Brigadier Salman about the disks, he told me that he went to his friend and was not able to meet with him, so I [illegible] him to bring those disks, and I went with him to the house of Major General Pilot ‘Adil and I remained in the car of Brigadier Salman, he went without [illegible] entering the home of Major General ‘Adil and their encounter lasted few minutes, and then we left, Brigadier Salman informed me that Major General ‘Adil refused to give him the disks.

7. Following the arrest of ‘Adil and his escape from Jail, I was tasked by my Directorate to document some information on the form of recorded tapes [TC: wire taps] to his Kurdish wife, it was revealed as she claims that her husband wanted to escape through the North and that he put his house for sale two month ago and that he wanted to go to Canada or London and that he wrote a report titled “Scandals of Mr. President Saddam Hussein, May God Protect and Defend him” and this file is in the possession of Shuruk’s sister (Sundus) the house that ‘Adil hid during his escape.

Subject: Report

In 1993, I was living in Mudir al-Amn Street [TC: street name means security manager] in al-Ghazaliyyah district where my parents lived at the time, at the time, I was a student at the Physical Education College and a boxer in the team. One day, there was a misunderstanding between myself and three neighbors, they were the nephews of Mr. 'Abd-al-Ghani 'Abd-al-Ghafur, a party member, this resulted in a fight among us and I have beaten one of them and broke his nose, he was an officer at the Intelligence Service and the other was a Police Officer, after the break up of the fight, each one of them went to his Directorate and brought reports that I have attacked them while they were carrying out their duties, I was forced to leave the house and be absent from my family for about a month approximately, at that time, they harassed my family and imprisoned my brother instead of me from two days, and when I became desperate, I went to the north, to Dahuk area and I stayed there until things calmed down as I planned to return to the new school year and (commence work), at the time, I met with the Director of Media and Relations of Dahuk Governorate and he offered me to work with him as an escort detail and a chauffeur, he explained to me what the job entails, which is basically to receive delegations and Foreign Organizations arriving from various parts of the world and attend meetings, conventions, conferences and parties etc.

I agreed to work with him and Governor 'Abd-al-`Aziz Tayib (The Governor of Dahuk) has welcomed me as I am fluent in Kurdish, and through my work at the Governorate, I was introduced to all heads of Foreign Organizations and got to know the alleged Leaders of the Kurdish People, from Security Officers (Esayish) and Intelligence Officers (Parstin) and Custom Managers, members of al-Barty party and other parties and their locations etc.

After the passing of eight months at my work in Media and Relations, I met with one of my school colleagues in one of the restaurants in Dahuk market, he is Arasan and his brother Ahmad and after our conversation, it became evident that Arasan is a Secretary of Doctor (Ahmad al-Chalabi) and he was his Administrative Assistant in Kurdistan and responsible for all Offices in the northern region and his brother Ahmad is the Director of Opposition Television Program in Kurdistan, which is located in Salah al-Din resort in Arbil Governorate, and both Arasan and Ahmad are the sons of (Habib Fili) the Editor of Ta'akhi newspaper in the seventies and Public Tax Manager in Baghdad in the eighties and a Ba'ath party member in the nineties...

Arasan proposed to me to work with them with a salary of 200 dollars monthly after he heard my story and the reason of my arrival to Dahuk, I agreed to work with them as a Security Officer and as an escort to Ahmad al-Chalabi, he accompanied me to introduce me to him (Ahmad al-Chalabi) at Salah al-Din resort as this was their main location, I met with him and he welcomed the idea of my employment with them after he heard all the details from Arasan and Ahmad
I started working on the same day and through my working with them, it dawned on me for several times to come to Baghdad to report the names of elements that cooperate with them in Baghdad and other Governorates and about their movement, phone numbers, their agents who facilitate sabotage activities within Iraq, however, I wasn't able to come [TC: to Baghdad] for two reasons, number one is that I was wanted for military service and I was "Absent without Leave" due to the pending case of the (fight) which resulted in me leaving the College.

After a period of more than six month, Ahmad al-Chalabi left and his representative and Diplomatic Consultant Nabil al-Musawi who resides in al-Zuhur neighborhood in Baghdad assumed his place bringing with him money that Ahmad al-Chalabi has sent from London to settle the opposition’s bills and debt at the time.

One day during the settling of the opposition’s debts, the alleged Kusart who is one of the commanders of Jalal Talaban’s army of al-Yakty party (Kurdish Labor Party) as they call it came to see him at the location, he started cussing against the Arabs generally, so I have beaten him without hesitation which resulted in breaking of his nose, this has caused quite a stir in Arbil generally as Nabil, Ahmad, Arasan and others came rushing to the location to hide me, I ran to Ahmad al-Chalabi’s car, myself, Nabil and we went to al-Sulaymaniyyah and Nabil informed me to stay that night only and then he will send one of Ahmad al-Chalabi’s accountants to escort me to Iran and then to London where Ahmad al-Chalabi was present at the time, as my situation is critical.

I decided on my own to go to Dahuk following the return of Nabil from al-Sulaymaniyyah to Arbil, I went to Dahuk as Jalal’s group are not permitted to stay in al-Barty area at the time, I remained there until Nabil called me from the Opposition office in Dahuk, one of them came to me and informed that Nabil al-Musawi and Arasan would like to talk to me on the phone and both Nabil and Arasan informed me to go to London through Turkey, and they sent me funds to cover the trip and provided me with an address and a phone number as well as a fax number of Ahmad al-Chalabi and that he is waiting for me. Nabil Musawi and Arasan Habib Fili gave me the sum of $5000 five thousand dollars and I left for Turkey and decided to travel to Germany instead of going to London and then I learned that Mr. President, the Commander Saddam Hussein has issued a decree of providing amnesty to all escapees and draft dodgers and thank God, I was blessed with this generosity and returned to my country, my land and have joined the military service.
On the first day of December 1998, I met with the housekeepers of Ahmad al-Chalabi in al-Iskan area in Baghdad as her parents live there, her name is ‘Afaf, she is of Kurdish descent and resides in Irbil where her husband lives, the alleged Shams-al-Din, of Kurdish descent, during my encounter with her, I inquired about Ahmad al-Chalabi and his group, she claimed that she lost touch with them since the opposition has left Kurdistan, however, she informed me that she has met Ahmad al-Chalabi’s Diplomatic Consultant by coincidence during her visit to Baghdad and that Nabil al-Musawi has escorted her Baghdad in the same vehicle during his planned trip to visit his family in Baghdad, as they live in al-Zuhur neighborhood, so she claims, she did not see him since they both arrived in Baghdad, my encounter with her was two days after her arrival in Baghdad.

I in turn have notified my Directorate regarding the meeting that took place with the alleged ‘Afaf and it was suggested to me to go to Irbil after I learned that Nabil al-Musawi has returned to Irbil after three days to inquire about his reasons of visiting Baghdad. On Wednesday the 9th of December I went to Irbil to meet Nabil al-Musawi and upon my arrival, I went to Tariq’s House, who is one of the opposition, he resides in ‘Ayn Kawah are and after I inquired about Nabil, it was revealed that he left for Zakhu before my arrival by one day, because he came to Iraq this time through Turkey and not Iran and I immediately followed him to Zakhu upon me hearing the news, I proceeded to Nabil’s special office and found him to be preparing to leave.

He was stunned to see me and inquired about the years that have passed and where I was and the reason for my return a second time to Iraq, he informed me that ‘Afaf has informed him about my meeting with her, he also informed me that ‘Afaf was tasked with a mission which is to relay some information to the alleged Ma’ruf who resides in al-Sihah neighborhood in al-Sha’ab district and that he has informed her that he will call her from London before his arrival, he pointed out that ‘Afaf came to Baghdad several times to relay some instructions that they send through her.

In the context of my conversation with him, I requested that I go to London with him, as I was really suffering and wish to join their ranks at the opposition this was according to the directives from my Directorate, he welcomed the idea but he wanted me to stay in Baghdad, they will provide me with whatever I need, bearing in mind that I informed him that I did not see my family from the time of my return which was six months ago, he informed me that he will provide me with money that will enable me to buy a car and pay house rent for two years at least, as they wanted me to be the main source in Baghdad, as they have lost many of their agents and their sources following their departure from Kurdistan and the relocation of their offices to London, as everyone has went there to make a living in Western countries, this has contributed to their deteriorated state as they have lost many of their operatives who were with them.

Following to my persistence in joining them, I reached an agreement with him, that he will send me his representative on the 26th of December, the alleged Abu-Salah (a look alike, who resembles Mr. President May God bless and protect him), he informed me to be prepared and not to mention this to anybody, what he really means is for me not to inform other elements that work for them [TC: the Opposition] and he requested me to be present in Abu-Tariq’s house in Irbil on the 26th and that our departure will be after the
passing of five to seven days as Abu-Salah is tasked with a mission that he is sent for, so we concluded our agreement and Nabil left for Turkey on the 12th of December.
I departed to Irbil on Saturday the 26th of December 1998 to the alleged Abu-Tariq’s house who resides in ‘Ayn Kawah neighborhood, he is one of the opposition representatives who relays instructions to Baghdad on behalf the Diplomatic Consultant of Ahmad al-Chalabi (Nabil Musawi) as per the agreement that took place between myself and Nabil al-Musawi which is sending Abu-Salah on the same day as above to escort me to London. Upon my arrival to Abu-Tariq’s house, I met his brother Abu-Arkan, who informed me that Tariq has left for Baghdad two days ago and requested me to wait for him as he is tasked to courier a letter to one of the officials in Baghdad. I waited till the 28th of December 1998 which was a Monday, and upon Tariq’s return, he informed me that Ahmad al-Chalabi, Nabil and Abu-Salah [illegible] to come to al-Sulaymaniyyah on the 19th and 20th of December to present a speech intended for the Southern People and particularly the Governorates of (Misan, Zi-Qar, al-Basrah), the speech objective was to stir the masses against the revolution, to instigate chaos with the aid of some mobs and opposition elements, as they claim the Iraqi opposition with the help of America has formed a complete Government and Ja’fariyyah as they have requested, and that the south will be requested to split form the government and for its people to carryout demonstrations, and that the opposition will enter Iraq from Iran through their organization present in the interior and with the help of the American and British hostile forces, such forces that amassed in Kuwait territories and on the red sea coast. Also, Ahmad al-Chalabi has directed oppositions officials within Iraq with some tasks which aims to instigate demonstrations within the south, Tariq informed me to go to Ma’ruf, who is responsible for the internal organization of the opposition, he urged me to hurry up before they commence execution of their plan, Tariq has relayed Nabil’s instructions to Ma’ruf which points to my receiving and making me one of those who will carryout the missions, and that I have to be present in al-Sulaymaniyyah on the 27th of January 1999 where Nabil will be in Iraq during such time in order to accompany him. I learned from Tariq the names of elements responsible within Baghdad and outside of its boundaries, such elements will play a pivotal role in this filthy conspiracy that the traitors are about to execute. Ahmad al-Chalabi has emphasized in his speech that this time it will be decisive as long as America and Britain will supply them with weapons and aircraft and with the help of their forces, so be comforted you Citizens of the South.

On the 28th of September 1999, I was tasked by Saddam Commandoes General Secretariat to travel to al-Sulaymaniyyah for the purpose of holding an agreement with the alleged Nabil Musawi the special Consultant of the alleged Ahmad al-Chalabi the traitor, and upon my arrival, I discovered that he left two days ago leaving a letter stating that he left for Turkey to arrange with smugglers for the purpose of arranging my travel to London and that he will be financially responsible, and when I presented travel applications forms for the purpose of obtaining a visa to travel to Turkey, I purchased [illegible] to expedite my departure date and obtain approval from General Passport control located in Salah aI-Din, the process took more than fifteen days, and upon completion of all travel paperwork and exit permit, I submitted my passport to obtain visa for Turkey, however I was denied a visa for Turkey and my passport was crossed, they only approve senior citizens and women. I returned to Baghdad to inform my Directorate of the latest development and what transpired between me and Nabil al-Musawi in the telephone conversation following my denial to obtain the visa for Turkey. I received approval to travel to Syria as per Nabil al-Musawi’s request to remain at the treacherous location of Iraqi Opposition in Syria until he dispatched one of his followers for the purpose of bringing me to London with him. I went to Syria, over there, I met with Hassan al-Naqib who is responsible for the Opposition Office and have also met with Brigadier ‘Iz-al-Din who claims that he is the private Pilot of Mr. President, May God Protect and defend him and the nephew of the traitor Rafiq al-Samara’I, the alleged Mushtaq and he is one of the Special Security Officers, so he claims
And after the passing of ten days in Syria, Nabil al-Musawi came in with [illegible] for the purpose of conducting a meeting regarding carrying out sabotage activities in our dear country, initially the agreement was to prepare a Vehicle Borne Improvised Explosive Device [VBIED] at the [illegible] festival for the purpose of creating havoc among the public opinion and the International Security Council. They have later changed their mind and have dispatched the alleged Salah and the alleged Abu-Hamid form Kirkuk (Fili) and they are both specialists in explosive booby traps for the purpose of arranging the explosive material for this criminal act and to locate the houses of members of party leadership who reside in al-Hadithiyyah in Baghdad and arranging for the entry of the Vehicle Borne Improvised Explosive Device [VBIED] to the location of the Olympic Committee, this was all before the new year. The alleged Nabil al-Musawi has dispatched them with me so that he can verify that I have no affiliation whatsoever with any security department in Iraq, I have informed my Directorate with all the updates upon my arrival to Mosul. It was agreed to remain in Iraq for seven days only and to return to Syria track activities of the alleged Abu-Hamid and Salah who were tasked with this mission. I was able to find out the farm of the alleged Salah’s cousin, it is the place where the vehicle will be loaded with explosives, they decided to purchase the vehicle in Shahrbat.

Study of a Liaison Pattern in the Middle Euphrates Region when Bridges are Destroyed or during any Emergency Situation

1. Purpose
To create a study to maintain the connection between the advanced command headquarters (main and alternate) in Halla and the headquarters of al Quds army divisions (Babil Karbala Najaf Qadisiya) in emergency cases when the bridges are destroyed or the communication interrupted or during cases of vandalism on the roads.

2. Facts
A. To open headquarters for al Quds army, placed under command, in the main localities of (Babil Karbala Najaf Qadisiya) governorates.
B. There are paved and two way roads joining the city of Halla to the other main localities of the governorates in the following manner:
First. Halla Karbala Road having a length of (40) Km on which there is a bridge in the district of al Hindiyah with one passage on the Euphrates river.
Second. Halla Al Kufa Najaf Road having a length of (60) Km on which there are two bridges with one passage in the city of Al Kufa and the other one in the region of Umm Al- Abbasiyat, a region distant of (4156) on both branches of the Euphrates river.

This stand of the Organization (TC: probably Abu al-'Abbas? organization) was submitted to the Secretary of the Presidential Office in our letter No. 159, and dated August 19, 1998. Abu al-'Abbas has provided personal IDs and summaries of the political life of the members of the current Israeli Knesset, in accordance with the attached forms. The forms start with 'Azra Wizman (1), the president, and end with Benjamin Alwn (122). This information and the forms were given to M4 ? in the Israel Directorate (TC: an Iraqi dirocrat that is deals with Israeli issues). To: the Secretary of the office of the president of the Republic of Iraq
Subject: Carrying out directive

With reference to your letter classified top-secret and personal and urgent directive number 425/K dated 18/01/1993, we list herein below the organizations that our agency cooperates with and have relations with various elements in many parts of the Arab world and also have the expertise to carry out assignments indicated in the above directive number [425/K]:

1- Palestinian Organizations

A- Fatah Revolutionary Council (Abu-Nidal’s organization)

Established after the November war in 1973; split from the Fatah organization led by Sabri al-Bana (Abu-Nidal) who used to be the head of the Fatah office in Baghdad. The Organization’s political belief is based on violence and assassinations. We [IIS] have been in contact with this organization since 1973 and currently they have contacts with
our representative in Iraq who gave them financial aid in the amount of (20) thousand Dinars in addition to other logistic support, such as vehicles. They [Abu-Nidal’s Org] have members in many Arab countries that participated in Umm-al-Ma’arik [first Gulf war/Desert Storm] but had no vital role in carrying out any operations.

Page 3

B- Palestine Liberation Front

It was established in 1983 after the split by Abu-al-Abbas who was the deputy general secretary of the front which currently has an office in Baghdad. They were assigned to carry out commando operations against American interests abroad during Umm-al-Ma’arik war. They carried out a number of successful operations.

C- The 17 Forces of (Abu-al-Tayyib)

Security agency specialized in operations inside the occupied territories whose responsibility is to provide security to the president and specifically to protect the chairman, Abu-Ammar. We [IIS] have good relations with them and they [force 17] have an office in Baghdad. They were not assigned any commando operations during Umm-al-Ma’arik war. Nevertheless, they were assigned to collect intelligence information and they provided us with valuable information.

Page 4

D- Renewal and Jihad Organization

Secret Islamic Palestinian Organization was established after Umm-al-Ma’ark [the first Gulf war]; it believes in armed Jihad against the Americans and Western interests. They also believe that our leader, the president, may God protect him, is a leader who is against the infidels’ camp. The organization’s leaders live in Jordan; some of its prominent figures are: (Nasif Nasir Ahmad aka Abu-Ayub; Var: Ayoub; Ayyoub), Sabir Tawfiq al-Muqbil aka Abu-Ashraf). The Organization’s chief, visited the region [Iraq] two month ago. The organization showed willingness to carry out operations against American interests at any time.

E- Al-Wathiqun [the confidants] Al-Murabitun [those on guard]

This is a Palestinian organization whose main objective is to carry out operations inside the occupied territories. It is supervised by Salah Khalaf aka Abu-Iyad.

Page 5

After his [Salah Khalaf] death, the Organization’s relations with Chairman Yasir Arafat worsened, and all financial support was halted. They have members spread within the territories and in the Palestinian camps. We [IIS] have relation with the organization’s
military advisor (Mustafa Mur’i) whose assistant is Lutfi Abd al-Rahman. We have previously met with them in Baghdad in January 1992. They were willing to carry out any assignment we tasked them with, but we did not assign them any task during the first Gulf war since our relationship with them was fairly new.

F - The Palestinian Abd al-Bari al-Duwaik aka (Abu Dawoud)

The above-mentioned individual was the representative of the organization to the group of Hamid Abu-Muhammad (Popular Front, abroad operations). His relations with this group discontinued for a long time. He currently lives in Cyprus, and he was assigned to carry out a number of commando operations during Umm al-Ma’arik which he did. Our relationship with him is still outstanding and we can benefit from him in carrying out operations.

G - Abd al-Fatah Abd al-Latif Fakhuri (Abu_Yahya)

He is the deputy of the director’s office, Farouq Qadumi (Abu-al-Lutuf) in Amman. He was one of the leaders of the western-sector agency. He is known as the special operation man, and he has members directly connected to him that can carry out operation. Our relationship with him is good and we can benefit from him in commando operations. He was not assigned to carry out any operation in the Umm al-Ma’arik since our relations with him was fairly new.

2 - During our recent meeting with al-Sheikh Ali ‘Uthman Taha, deputy chairman of the Islamic National Front in Sudan, we agreed to:

a- Renew our relations with the Islamic Jihad Organization in Egypt which is aka Islamic Group Organization. Our information on this organization is as follows:

First: It was established year 1979 by the Egyptian Muhammad Abd al-Salam Faraj, lead by Dr. Umar Abd al-Rahman

Second: Its goal is to apply the Islamic shari’as law and establish Islamic rule.

Third: It is considered to be one of the most brutal Egyptian organizations. It carried numerous successful commando operations against the Egyptian regime, and it assassinated Sadat and Rifat Mahjoub, the head of the people’ council.

Fourth: The group’s council headed by Dr. ‘Umar Abd al-Rahman includes leaders of the organization. This group has branches in provinces, and organized units in universities, mosques and villages.
Fifth: We have previously met with one of the organization’s representative on 14/12/1990, and we agreed on a plan to carry out commando operations against the Egyptian regime, meanwhile we [IIS] will provide it with support, financial help and training.

b- Arab Islamic members who fought in Afghanistan and have no place to go to [to live in], are spread in (Sudan, Egypt and Somalia).

c- According to the above-mentioned paragraphs (a and b), it will be discussed during the proposed visit by the above mentioned person to Iraq which we hope that it will take place soon. At this visit we will know their potential and evaluate the results in view of that

3-Asian Organizations

a. Islamic ‘Ulama Group (J.U.I) Islamic Scholars Group

First: Established in 1948, considered one of the influential parties in Pakistan especially in the Northern district, Balushistan and Bunjab, chaired by Maulana Fadl al-Rahman

Second: They rely on their financial support from their organizations from Pakistan and foreign assistance that they receive from Iraq and Libya.

Third: The party’s secretary is Maulana Jawid [Javid] Ahmad Nu’mani. He has strong relations with our agency since 1981, and he is ready to carry out any assignment we task him with

b. The Afhani Islamic Party [Hizb Islami]

Page 10

First: established in 1974 when its founder escaped from Afghanistan to Pakistan

Second: It is considered one of the extreme political religious movements against the west, and one of the strongest seven Sunni parties in Afghanistan with respect to political and military organizations

Third: He is one of the current opponents of the president of Afghanistan and has strong influence among the Afghan Pashtu tribes which constitute more than 70% of the population

Fourth: He relies on the organizations’ financial support as well as foreign assistance from Iraq and Libya
Fifth: Our agency has relations with the above-mentioned party since 1989, and this became direct relation between the country, which is Iraq, and the head of the party, Hikmatyar or via his representative, his cousin and son-in-law, Dr. Ghayrat Bahir

c. Jam’iyat ‘Ulama Pakistan (J.U.P) Pakistan Scholars Group

First: established 1970, its goals are religious, political and reform

Second: It is well known in Pakistan especially in Karachi and Lahore all the way to India, has office, in Holland and England

Third: Our Intel agency has relations with the above mentioned party since 1987, knowing that the party in considered to be one of the founding members of the Islamic people’s conference who’s HQs is in Baghdad

d. We would like to point out that the above mentioned Asian Organizations have not been tasked with any commando operations and Umm-al-Ma’arik except the secretary of Islamic Ulama’ Group, Maulana Jawid [Javid]Ahmad Nu’mani who was tasked at the time to carry out commando operations. He did carry out several successful commando operations. As for the other organizations, they were tasked to go on undertake protest demonstrations against the American aggression. They did undertake several activities for this purpose.

Please be advised and you may appoint the above mentioned parties to carry out this task.

Regards

Conference with the Secretary of the President of the Republic [of Iraq] as well as with Mr. Tariq Aziz

1- The intelligence studies a specific plan since planning for dislodging American forces from the Arab or Islamic countries or harming them will not yield effective results.

2- I believe that the first target should be Egypt because I think that
   a- Hikmatyar will not be active against Saudi Arabia although he claims that his relationship with Saudi Arabia is [not] normal. He and his group have old relations with Saudi Arabia which induces him to get along with it.
b- Additionally, targeting the American presence in the Arabian Gulf region will not be effective, (not to mention that the cost will be high) because the main American presence is in Saudi Arabia. Accordingly, the efforts should be focused on Egypt and not necessarily on the American military presence, rather on the American collaborators in the country.

3- Disturbing the Egyptian regime and its alliance with America should be the target that produces easy results.

4- There is no objection for supplying them with technical expertise.

ISGQ-2003-00072355 The following 31 page file dated 20011008 includes lists of volunteers and hand written letters from inmates in the Adults Rehabilitation Center in Baghdad to the President. In the letters they expressed their adherence to the leadership and voiced a dogged persistence to act as [Human Bombs] against the U.S and its ally Israel. Responding to Saddam's speech in which he urged the Iraqis to sacrifice their lives for the Palestinian brethren, the 3-20 year sentenced prisoners called on the President to include their names on the martyr's lists and vowed to liberate the occupied Jerusalem. Relevant correspondences are also included in this document.

Partial Translations and Summaries

File contains varying subject matters and correspondence between the IIS, the Iraqi embassy in the Philippines, and the Ministry of Foreign Affairs as follows:

General personnel information such as requests, denials, and approvals for Philippine citizens seeking entry permits and visas into Iraq on business or for studies, as well as general information on different trade delegations and employees (non-IIS related) to various countries.

(TC: The following pages regarding the Abu Sayaf group and Libya’s involvement with it has been fully summarized or partially translated.)

Page 89-96: An eight page (poor quality) facsimile from the Iraqi Embassy in Manila, dated 2001/06/06, to the Iraqi Ministry of Foreign Affairs/Secondary Policy Directorate concerning hostages taken in the Philippines as follows:

There was a conference of the Diplomatic B’athists in the Philippine Ministry of Foreign Affairs on 2001/06/05, and a briefing on the situation in the south Philippines with the Abu Sayaf group. The incident began in the Balwan Island at 6 am on 2001/05/27 and the hostages were taken to the S0?? Island in Tawitawi ??? in the evening and then to the Basilan Island in the city of Latiyan. 200 hostages were taken from a church in this city and most the civilians were Christian.

The evening of the same day the army tried to surround them but the hostages were aided by other groups that had been kidnapped by human forces, and they all fled into the nearby city.

On the morning of 2001/06/? there appeared to be a struggle and 9 of the original hostages were able to flee, although 11 hostages remained with the terrorists. The kidnappers killed two of the civilians from the Latiyan city.

The Philippine president Arroyo announced that there are no talks or negotiation with the kidnappers. Up till now there has been no official decision or state of emergency announced as the Philippine constitution does not provide for a state of emergency without the consent of the (Philippine) Representative Council.

In addition the Moro Islamic Liberation Front (MILF) has agreed to peace talks Mundanau, and has no requests in the separation and has agreed to autonomous rule in the scope of the Philippine Republic. There are three countries (Malaysia, Indonesia, and Libya) participating in these talks with the MILF which focus on the problems in the upcoming six months.

The kidnappers were formerly (from the previous year) receiving money and purchasing combat weapons. From now on we (IIS) are not giving them this opportunity and are not on speaking terms with them.

After the minister of tourism Dabke Coron spoke on the situation in this area after this incident, he said that the kidnappers came wearing military uniforms. This is what the tourism authorities are facing. The authorities in the Ministry of Tourism have met with various security apparatuses (the army, the police, and fisherman (?)) to cooperate in preserving tourism.

The Abu Sayaf group is from a far-off location, which is why this incident not on the Balwan island was unexpected.
The hotel owners met to confirm the national protection of their hotels and tourism areas. In addition we have all cooperated in the field of intelligence information with some of our friends to encourage the tourists and the investors in the Philippines. Later on the Presidential advisor on security matters, Roilo Golez, mentioned that the talks began with kidnappers as well as a military operation in the same time. The talks solely outlined the requests to release the hostages, and confirmed that there is no official decision or state of emergency at this present time.

We (U.S.) would like to inform you on the details of the incidents and what was discussed in the diplomatic circles and on behalf of the Philippine newspapers. The incident began on 2001/05/27 and the repercussions up till now are put forth in the information that the American government offered to aid the Philippine government to free the hostages who were kidnapped by Abu Sayaf. Robert Underwood and the Governor of Guam came to the Philippines to undertake this mission and discussed the subject with the Philippine President Arroyo. The following day the Philippine government announced that no foreign government shall interfere in their internal affairs, especially in regards to Abu Sayaf.

Libya on its part announced via its former ambassador, Rajib Al-Marzuq that it does not interfere with the current hostage-taking operation. Al-Marzuq was in Manila for several months during last years kidnapping, and was sent by the Libyan government to negotiate with the kidnappers. The operation ended after the hostages were released and after the European governments paid ransom for some of hostages belonging to them, in addition to the Libyan government which paid the remaining portion of the ransom. In addition the current Libyan ambassador announced on television that Libya will not interfere this time in this operation.

After the release of nine of the hostages, an announcement from the FBI appeared in newspapers announcing their desire to interview the escaped Filipinos in order to make a decision on the status of the three American hostages. The embassy stated what was mentioned above. The three American hostages were a missionary husband and wife who had lived in the Philippines for a while, Martin and Gracia Burnham, from Kansas City, and Jul Lermos Sobero, from California. They are still in the hands of the Abu Sayaf kidnappers from a total of 20 people who were kidnapped from (Dos Palmos) Resort in the Balawan Island.

The Philippino government conducted discussions with the Abu Sayaf group but was determined not to give in to the group’s demands this time nor provide them with the opportunity to buy weapons, obtain money, or conduct a kidnapping again in the future.

The relationships with the MILF began in Kuala Lumpur with various representatives from Malaysia, Indonesia, and Libya in 2001/06/04. New discussions the MILF and these countries as well the Philippines will take place in Tripoli, Libya on 2001/06/20 to attempt to solve the problem in Manila.

The Philippine government people mentioned that there were ten killed and tens of peoples people aside from the losses of the Abu Sayaf group. Independent sources confirmed that the casualties were more than ten.

Signed by Salah Samarmad (TC: This is the same individual who submits a letter, pages 110-116, regarding an individual traveling to Peshwar.)
1. There are connections between [redacted] and the Abu Sayaf group in the Philippines; meanwhile, this establishment is providing material support to them.

Please review.....it appears of intelligence value to proceed into connections with this establishment and its intelligence investments in the Abu Sayaf group....with regards....

Summary

An internal memo of the same kind as page 148 which discourages the supporting of connections with the Abu Sayaf group, as the group works against the Philippine government and relies on several methods for material gain such as kidnapping.
foreigners, demanding ransoms, as well as being accused by the Philippine government of terrorist acts and drug smuggling.

Summary

This memo reiterates the same information previously given on the Abu Sayaf group in pages 148 and 149. In addition, there is a reference of the Libyans interfering with the Abu Sayaf group during the kidnapping incident last year; the Libyans fostered the idea of releasing the hostages in order to clean up its image after the Lockerby incident to circumvent the accusations of Libya’s involvement in terrorism.

The IIS also recommends that a distance be put between itself and those groups which are not beneficial or would on the contrary have a negative impact.

Page redacted in accordance with DIA Memorandum S-07-1509/CE, Subject: Classification Review of Iraqi Perspectives Project (IPP) Report Saddam and Terrorism
The classification markings are original to the Iraqi documents and do not reflect current U.S. classification.
Captured Iraqi documents have uncovered evidence that links the regime of Saddam Hussein to regional and global terrorism, including a variety of revolutionary, liberation, nationalist, and Islamic terrorist organizations. While these documents do not reveal direct coordination and assistance between the Saddam regime and the al Qaeda network, they do indicate that Saddam was willing to use, albeit cautiously, operatives affiliated with al Qaeda as long as Saddam could have these terrorist–operatives monitored closely. Because Saddam’s security organizations and Osama bin Laden’s terrorist network operated with similar aims (at least in the short term), considerable overlap was inevitable when monitoring, contacting, financing, and training the same outside groups. This created both the appearance of and, in some ways, a “de facto” link between the organizations. At times, these organizations would work together in pursuit of shared goals but still maintain their autonomy and independence because of innate caution and mutual distrust. Though the execution of Iraqi terror plots was not always successful, evidence shows that Saddam’s use of terrorist tactics and his support for terrorist groups remained strong up until the collapse of the regime.
