MEMORANDUM OF UNDERSTANDING

- I. The Government of the United States has reaffirmed its concern for the maintenance of Israel's security and has renewed its assurance that the United States firmly opposes aggression in the Near East and remains committed to the independence and integrity of Israel.
- II. The Government of Israel has reaffirmed that Israel will not be the first to introduce nuclear weapons into the Arab-Israeli area.
- III. In view of the importance of an effective Israel deterrent capacity as a major factor in preventing aggression in the area, the United States will of course continue, as in the past, to be ready to discuss with Israel its needs and problems.
- IV. The United States has informed the Government of Israel that it may sell quantities of arms and military equipment to Jordan in order to preclude the Soviet supply of arms through the UAC to Jordan. King Hussein has assured the United States that if he purchases U.S. tanks, he intends to keep his armor on the East Bank of the Jordan. The United States also has made clear to King Hussein that if he purchases Soviet arms there will be no sales from the United States. The United States will keep Israel informed of the completion of any deal with Jordan for the provision of U.S. arms and equipment.

- V. It is understood that Israel is not interested in buying some of the particular items sold to Jordan. Instead the United States will sell Israel on favorable credit terms, or otherwise help Israel procure, certain arms and military equipment as follows:

 - b. In the event of the Federal Government of Germany not supplying to Israel the remainder of the 150 M 48 tanks outstanding under the German-Israel tank deal of 1964, the United States will ensure the completion of this program.
 - c. The United States is further prepared to ensure an opportunity for Israel to purchase a certain number of combat aircraft, if not from Western sources, then from the United States.
- VI. The Government of Israel intends to provide the Government of the United States with a list of its requirements in the near future and requests that discussions on this list take place in Washington at a mutually convenient time.
