Middle East :: Oman

Introduction :: Oman

Background:
The inhabitants of the area of Oman have long prospered on Indian Ocean trade. In the late 18th century, a newly established sultanate in Muscat signed the first in a series of friendship treaties with Britain. Over time, Oman’s dependence on British political and military advisors increased, but it never became a British colony. In 1970, QABOOS bin Said Al-Said overthrew his father, and he has since ruled as sultan. His extensive modernization program has opened the country to the outside world while preserving the longstanding close ties with the UK. Oman’s moderate, independent foreign policy has sought to maintain good relations with all Middle Eastern countries. Inspired by the popular uprisings that swept the Middle East and North Africa beginning in January 2011, Omanis began staging marches and demonstrations to demand economic benefits, an end to corruption, and greater political rights. In response to protester demands, QABOOS in 2011 pledged to implement economic and political reforms, such as granting legislative and regulatory powers to the Majlis al-Shura and introducing unemployment benefits. In August 2012, the Sultan announced a royal directive mandating the speedy implementation of a national job creation plan for thousands of public and private sector jobs. As part of the government’s efforts to decentralize authority and allow greater citizen participation in local governance, Oman successfully conducted its first municipal council elections in December 2012. Announced by the Sultan in 2011, the municipal councils will have the power to advise the Royal Court on the needs of local districts across Oman’s 11 governorates.

Geography :: Oman

Location:
Middle East, bordering the Arabian Sea, Gulf of Oman, and Persian Gulf, between Yemen and UAE

Geographic coordinates:
21 00 N, 57 00 E

Map references:
Middle East

Area:
total: 309,500 sq km
country comparison to the world: 71
land: 309,500 sq km
water: 0 sq km

Area - comparative:
slightly smaller than Kansas

Land boundaries:
total: 1,374 km
border countries: Saudi Arabia 676 km, UAE 410 km, Yemen 288 km

Coastline:
2,092 km

Maritime claims:
territorial sea: 12 nm
contiguous zone: 24 nm
exclusive economic zone: 200 nm

Climate:
dry desert; hot, humid along coast; hot, dry interior; strong southwest summer monsoon (May to September) in far south

**Terrain:**
central desert plain, rugged mountains in north and south

**Elevation extremes:**
lowest point: Arabian Sea 0 m
highest point: Jabal Shams 2,980 m

**Natural resources:**
petroleum, copper, asbestos, some marble, limestone, chromium, gypsum, natural gas

**Land use:**
arable land: 0.1%
permanent crops: 0.12%
other: 99.77% (2011)

**Irrigated land:**
588.5 sq km (2004)

**Total renewable water resources:**
1.4 cu km (2011)

**Freshwater withdrawal (domestic/industrial/agricultural):**
total: 1.32 cu km/yr (10%/1%/88%)
per capita: 515.8 cu m/yr (2003)

**Natural hazards:**
summer winds often raise large sandstorms and dust storms in interior; periodic droughts

**Environment - current issues:**
rising soil salinity; beach pollution from oil spills; limited natural freshwater resources

**Environment - international agreements:**
party to: Biodiversity, Climate Change, Climate Change-Kyoto Protocol, Desertification, Hazardous Wastes, Law of the Sea, Marine Dumping, Ozone Layer Protection, Ship Pollution, Whaling
signed, but not ratified: none of the selected agreements

**Geography - note:**
strategic location on Musandam Peninsula adjacent to Strait of Hormuz, a vital transit point for world crude oil

**People and Society: Oman**

**Nationality:**
noun: Omani(s)
adjective: Omani

**Ethnic groups:**
Arab, Baluchi, South Asian (Indian, Pakistani, Sri Lankan, Bangladeshi), African

**Languages:**
Arabic (official), English, Baluchi, Urdu, Indian dialects

**Religions:**
Ibadhi Muslim (official) 75%, other (includes Sunni Muslim, Shia Muslim, Hindu) 25%

**Population:**
3,154,134 (July 2013 est.)

country comparison to the world: 137

*note: includes 577,293 non-nationals*

**Age structure:**
0-14 years: 30.6% (male 494,444/female 469,752)
15-24 years: 20.2% (male 333,583/female 302,618)
25-54 years: 42.1% (male 781,396/female 547,872)
55-64 years: 3.9% (male 65,722/female 56,673)
65 years and over: 3.2% (male 51,515/female 50,559) (2013 est.)

**Dependency ratios:**
total dependency ratio: 35.7%
youth dependency ratio: 31.9%
elderly dependency ratio: 3.8%
potential support ratio: 26.2 (2013)

**Median age:**

| FAX: | [968] 24-64-37-40 |
| Flag description: |
three horizontal bands of white, red, and green of equal width with a broad, vertical, red band on the hoist side; the national emblem (a khanjar dagger in its sheath superimposed on two crossed swords in scabbards) in white is centered near the top of the vertical band; white represents peace and prosperity, red recalls battles against foreign invaders, and green symbolizes the Jebel Akhdar (Green Mountains) and fertility

National symbol(s):
Khanjar dagger superimposed on two crossed swords

National anthem:
name: “Nashid as-Salaam as-Sultani” (The Sultan’s Anthem)

lyrics/music: Rashid bin Uzayyiz al KHUSAIDI/James Frederick MILLS, arranged by Bernard EBBINGHAUS

note: adopted 1932; new words were written after QABOOS bin Said al Said gained power in 1970; the anthem was first performed by the band of a British ship as a salute to the Sultan during a 1932 visit to Muscat; the bandmaster of the HMS Hawkins was asked to write a salutation to the Sultan on the occasion of his visiting the ship

Economy:: Oman

Economy - overview:
Oman is a middle-income economy that is heavily dependent on dwindling oil resources. Because of declining reserves and a rapidly growing labor force, Muscat has actively pursued a development plan that focuses on diversification, industrialization, and privatization, with the objective of reducing the oil sector's contribution to GDP to 9% by 2020 and creating more jobs to employ the rising numbers of Omanis entering the workforce. Tourism and gas-based industries are key components of the government's diversification strategy. However, increases in social welfare benefits, particularly since the Arab Spring, will challenge the government's ability to effectively balance its budget if oil revenues decline. By using enhanced oil recovery techniques, Oman succeeded in increasing oil production, giving the country more time to diversify, and the increase in global oil prices through 2011 provided the government greater financial resources to invest in non-oil sectors. In 2012, continued surpluses resulting from sustained high oil prices and increased enhanced oil recovery allowed the government to maintain growth in social subsidies and public sector job creation. However, the Sultan made widely reported statements indicating this would not be sustainable, and called for expanded efforts to support SME development and entrepreneurship. Government agencies and large oligarchic group companies heeded his call, announcing new initiatives to spin off non-essential functions to entrepreneurs, incubate new businesses, train and mentor up and coming business people, and provide financing for start-ups. In response to fast growth in household indebtedness, the Central Bank reduced the ceiling on personal interest loans from 8 to 7%, lowered mortgage rates, capped the percentage of consumer loans at 50% of borrower's salaries for personal loans and 60% for housing loans, and limited maximum repayment terms to 10 and 25 years respectively. In 2012 the Central Bank also issued final regulations governing Islamic banking and two full-fledged Islamic banks held oversubscribed IPOs while four traditional banks opened sharia-compliant Islamic windows.

GDP (purchasing power parity):
$91.54 billion (2012 est.)
$87.16 billion (2011 est.)
$83.41 billion (2010 est.)
